I'm sorry if you already got this?

Ruth, This is that call the Army Corp Engineers set up to talk about overlapping ACE and EPA water ESF issues. Can u pass on info to appropriate FEMA RRCC watchstander so they're prepared with an update?

Melissa and Dennis--Fred MacMillan (FEMA RRCC watchstander) reported out on last one. Just sending to you FYI.

Message From Patti-Kay  
I am sharing with those folks who I heard on the earlier call since I can not see invitees.

Can you be sure that who ever is at the FEMA RRCC is invited?

We know that a sampling plan is being developed for drinking water monitoring. I can update everyone on that.
